

When there is No Place to Go

Roll up your Sleeves: Help those who are Homeless in our Community

February 27th at 7 pm

**Social Hall, Central Congregational Church
14 Titcomb Street, Newburyport**

Join residents of Newburyport and surrounding towns on Tuesday, February 27, to hear an update on the area's 2018 Homelessness Count and learn how another community, Gloucester, has addressed the needs of homeless individuals, families and children. The meeting will take place in the Social Hall at Central Congregational Church (14 Titcomb Street, Newburyport) at 7 pm.

- Christopher George, who led the one night homeless count in late January, will comment on the local results and what volunteers learned.
- Reverend Tom Bentley, Executive Director, and Christine Bobek, Program Director, of the Grace Center in Gloucester will share how their community created a free day center that connects people who are homeless or in need of support to community resources, provides meals and helps them build a pathway to a new life. **Can we create one locally?**
- **What can you do now to help?** Sign up to volunteer – there are steps we can all take now to fill unmet needs and improve the local resources for those in need.
