

# Be Part of Greater Newburyport Green Expo 2025, A Celebration of Sustainability, Innovation, and Green Living

## Empowering Community/Building Resilience

**When:** Sunday, May 18th | 1:00pm - 4:00pm

**Where:** Francis T. Bresnahan Elementary School & Newburyport Senior Community Center, 32 North Atkinson Street, Newburyport

## A Sustainable Future Starts Here

Are you ready to be part of the solution? Greater Newburyport Green Expo 2025, A Celebration of Sustainability, Innovation, and Green Living is just around the corner, and this year's event promises to be our most inspiring yet! This family-friendly celebration of sustainability will bring together our entire community to tackle climate challenges with creativity, innovation, and collective action.

## Why You Should Attend

Whether you're a concerned parent, a business owner looking to go green, a student passionate about the environment, or simply curious about sustainable living, Green Expo 2025 has something for everyone:

- **Discover practical solutions** you can implement *immediately* to reduce your carbon footprint
- **Connect with local experts** who can guide your journey toward sustainability
- **Experience hands-on demonstrations** that make eco-friendly living accessible and fun
- **Learn about Newburyport's climate resilience plans** and how you can contribute
- **Network with like-minded community members** committed to building a better future

## Event Highlights You Won't Want to Miss

### Exhibitor Showcase

Browse dozens of booths featuring local businesses, service providers, and nonprofits offering sustainable products, services, and initiatives. From solar energy providers to zero-waste shops, you'll find the resources you need to make greener choices.

## **Electric Mobility Revolution**

Get up close and personal with the latest electric vehicles and e-bikes! Talk with owners and experts. The Transportation Revolution is here – be a part of it!

## **Interactive Family Activities**

Bring the whole family for engaging demonstrations on composting, native gardening, recycling best practices, and energy conservation. Kid-friendly activities and games will inspire the next generation of environment stewards!

## **Exclusive City Infrastructure Tours**

Get a behind-the-scenes look at Newburyport's innovative climate adaptation strategies. These guided tours will showcase how our city is preparing for climate challenges while creating a more sustainable community.

## **Calling All Potential Exhibitors!**

Is your business or organization committed to sustainability? Showcase your green products, services, or initiatives at Green Expo 2025! Exhibitor spaces are filling quickly, so register today to secure your spot.
