

## POLICY IMPLEMENTATION

**Section C: General School Administration**

**File: CH**

The Superintendent has responsibility for carrying out, through regulations, the policies established by the School Committee.

The policies developed by the School Committee and the regulations developed to implement policy are designed to increase the effectiveness and efficiency of the school system. Consequently, it is expected that all School employees and students will carry them out.

Administrators and supervisors are responsible for informing staff members in their schools, departments, or divisions of existing policies and regulations and for seeing that they are implemented in the spirit intended.

When action must be taken within the school system where the School Committee has provided no guidelines for administrative action, the Superintendent will have the power to act. The Superintendent's decisions, however, will be subject to review by the School Committee.
