

SCHOOL AGE

Section J: Students

File: JEB

In an attempt to permit children to enter school at the time most appropriate for them individually, the School Committee establishes the following policy on entrance age:

1. Children who will be five years of age prior to the first day of September in the year during which they wish to enroll will be eligible to enter kindergarten for that school year.
2. The admission of children whose birthdays fall after the first day of school will be solely at the superintendent's discretion.
3. Initial admission of children to any other grades will involve a consideration of both chronological age and the readiness of the children to do the work of those grades.
